

SPEC SHEET

HF2110

A3 Auto feed adjustable folder

DESCRIPTION

An A3, simple to use, push button folding machine, with automatic paper feed operating at speed of up to 9000 sheets per hour. A truly fast, efficient and reliable offline unit designed and built to enhance any modern print room and on-demand production environment. With quick set fold plates for standard and non standard folds.

FEATURES

Adjustable from B7 to A3 size paper	Very versatile, easily adaptable to any kind of folded job needed
500 sheet feed tray capacity	Making short / light work, less time spent re-filling
Fold up to 9000 sheets per hour	Making large print runs easy to handle, increases productivity
Feeds 45 to 105gsm (160gsm on single fold)	Ideal for many inplants, copy shops and digital printers
Virtually maintenance free	Very reliable machine, less down time and better productivity
