

## ES9410

**OKI**  
PRINTING SOLUTIONS

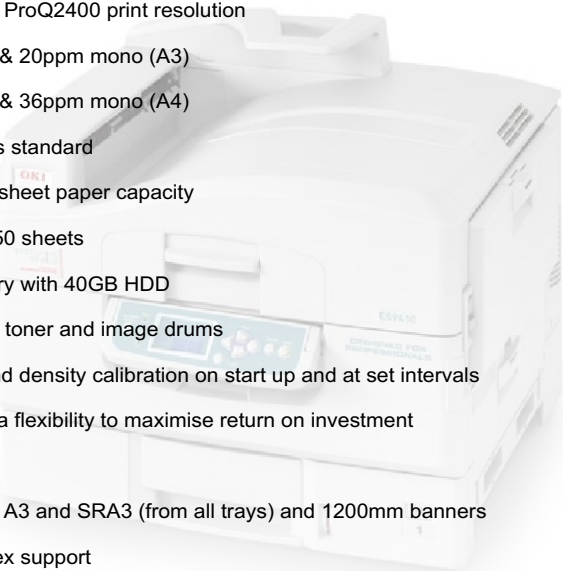

**A3+/A4**  
**PCL/PS** Auto Duplex

The NEW ES9410 is an A3+ colour printer designed specifically to address the Graphics Arts (GA) and commercial print market. It produces consistent high quality output for demanding professional applications and for maximum customer satisfaction. It prints on to a wide variety of media types with impressive results. Tried and tested OKI LED technology with its flat paper path is designed to handle the workload and to keep working. The ES9410 uses new toner technology for ultimate performance in the demanding commercial print market.

### Outline Specifications
