

# Natural Colours of Quickson by Van Son

Different Appetites  
Different Choices

## Quickson PREMIUM

## Choose Premium Performance

When you choose Quickson PREMIUM then you choose performance and versatility. This duct-fresh ink is created to meet today's emerging trends and technologies in the printing industry. With excellent press stability, very fast setting, hard drying, exceptional "work & turn" properties and intense colours Quickson PREMIUM demonstrates characteristics that complement the high performance of today's high speed multi-colour presses.

Quickson PREMIUM impresses with both its high performance and excellent versatility. Designed for use on straight sheetfed offset printing presses it will work on a variety of substrates. Added to this it is suitable for a wide range of finishing applications. These properties make Quickson PREMIUM the ideal choice for printing high-quality commercial jobs. For versatility and premium performance, choose Quickson PREMIUM.

For colours so real you can almost taste them choose Quickson inks, made by Van Son, and used by professionals... the choice is yours.

# Quickson PREMIUM

## Universal duct fresh offset ink

- stays open in the ink duct overnight, prints in accordance with ISO 12647-2
- suitable for all sheetfed offset presses and in particular B2, B1 and larger format multi-colour presses
- works well in combination with infra-red drying units, offering an even faster setting and drying
- suitable for a wide range of finishing applications, such as UV varnish, aqueous coating, foil and lamination
- full range of Quickson Series PANTONE Basic Colours available from stock, compatible with Quickson PREMIUM
